

The background is a deep space scene. A large, swirling blue nebula with fine, wispy lines of light blue and white gas dominates the upper and right portions. In the center, a bright, multi-pointed star or galaxy core glows with a white and yellow light. A jagged, white lightning bolt or energy discharge extends from the center towards the bottom left. The overall color palette is dark blue, black, and white, with the text in a bright yellow.

# Who are you now?

What has changed in the 'who' of you that will change the 'what' you do?

# Agility Flow

Agility Flow begins with Source/Presence

Sensing Acuity gives it  
direction and timing

Provocative Inquiry  
and Saying What Is,  
give it shape and  
form

If you're struggling with shape and form, it's most likely an issue of not Sensing what's calling completely. Stop and center. (SANYAMA)

If you're struggling with direction or timing, it's most likely an issue of Presence. Stop and center. (GAP, AGAPE)

# *Provocation ReDux*

All the players in the provocation game:

- ✓ Paradigms – that confine
- ✓ Myth - that self perpetuate
- ✓ Beliefs – that limit
- ✓ Perspectives – that blind
- ✓ Mental models – that imprison
- ✓ Historical roles – that obligate
- ✓ Stories - that delude
